

**St Philip Howard**  
Catholic High School  
Specialist Humanities School

April 2018

### **Appointment of Teacher of Food Technology & Textiles (part or full time)**

Thank you very much for your interest in this post. The four members of staff in Design & Technology Department are forward thinking, innovative, hard-working and play an important part in the life of the school community. Whilst already successful, there is plenty of scope for you to make your mark. The department is well-resourced and have scope for further investment.

All students at Key Stage 3 studying Resistant Materials, Textiles, Graphics and Food Technology on rotation, and Food and Design & Technology is also offered at Key Stage 4. Product Design is studied at Key Stage 5.

Having arrived at the school in September 2012 I have been extremely impressed by the attitude and aspirations of the students. They really are the best advert you could wish for a school. Staff are hardworking, committed, caring and supportive of one another. Above all, SPH is a happy community.

You would be joining the school at an exciting time as we strive to push on from our 'Outstanding' Ofsted judgement in April 2016. We know our work is never done as we aim to become the best school in the country. We pride ourselves on the strength of our faith community, personal care of each individual and our desire to walk that 'extra mile'. If successful in your application, you would be joining a great school, but with opportunities to make an impact and fulfil your potential as a teacher and school leader.

Please feel free to contact me ([dcarter@sphcs.co.uk](mailto:dcarter@sphcs.co.uk)) if you have any questions or would like to come and see us in action! We hope you will apply and look forward to meeting you.

Yours sincerely

David Carter  
**Headteacher**
